Brother you are going to be on and so will Judy, understand that most are not going to take sides, they will not cut out anybody because they are in the wrong camp and they do not see these people as bad.

24/11/2013 23:21 Ken O'Keefe

You should know that deep down

24/11/2013 23:21 Ken O'Keefe

You are close to it all but others are not so polarised

24/11/2013 23:22 Ken O'Keefe

Anyway, I cannot wait to have you one

Brother this is true but simply because you or I come into the light of more truth does not mean that everyone else should see it in tandem. Have compassion for the people with good hearts who not yet aware of the truth that you or I hold. Factionalism/division is an enemy of truth and justice, have the wisdom to be patient where possible and compassionate always. This is my perspective and I just do not like being pulled into one camp or another even when one sees a truth more clearly. These other people see the inside job, as yet they just do not see the method used... have faith, they will.

I do, and I have the same concern you do, but I feel confident that all will be exposed in the not too distant future. And we will help make that happen. OK - thanks again - that's all I meant really - I am happy for to come to terms with it in their own way (or not) - but not to join and support the ongoing lies - that's the difference... We can work something out whenever you're ready.

25/11/2013 09:18 Andrew Johnson

Can you see the difference?

Thanks!

Thank you brother.

25/11/2013 09:22 Ken O'Keefe

Really, I am so happy we had that time together on the train.

25/11/2013 09:23 Andrew Johnson

Me too!

Aloha brother,

Have you seen this video, I have somebody who is not worth mentioning really, but they put this video to me and I simply do not have the time to look at it. They put this my way to prove Dr. Judy has no evidence of anything, which of course i know is beyond rubbish; but I am curious to know if you have seen this (again I have not) and if you have an opinion of it?

Aloha brother, you still there?

That video is, as it says, from 2007 - I wrote about it in this article: <http://www.checktheevidence.co.uk/cms/index.php?option=com_content&amp;task=view&amp;id=46&amp;Itemid=60>

Summary: Jenkins focuses on 1 or 2 pieces of evidence, mischaracterises what is shown, using a black and white picture and makes a number of false and inaccurate statements. He wrote 2 or 3 articles &quot;debunking&quot; Wood
and has never been seen or heard of since (i.e. in the last 6 years or so)

It is offered by dishonest people as some kind of proof that Wood is wrong. Here’s a video I made analysing the Jenkins video: <a href="http://www.youtube.com/watch?v=izpuwfc_Hig">http://www.youtube.com/watch?v=izpuwfc_Hig</a>
