Anyone left in the UN who remembers the documents that came along with these cover letters?

Remember me Cramer? I talked to your help last year about what you did not know about European Banksters etc. In return I get a long winded computer response that says nothing at all. Written by mindless lawyer of that I have no doubt. Let me explain it to ya real slow. Once your people pissed me off=I responded and raised the stakes. Your computer has acknowledged receipt of an email containing evidence of a CAPITAL CRIME. Send you double talking bullshit to the FBI

FY NBC has had Hard Copy of my stuff for YEARS anywy.

Thank you for emailing MAD MONEY WITH JIM CRAMER. Because of the high volume of e-mail, we can't respond to every e-mail individually.

If you would like to have MAD MONEY consider your questions, comments and/or other content (a "Submission") for an upcoming program, please read these

You understand that your investments are your sole decision and responsibility. While Mr. Cramer may discuss with you specific investment ideas based on the limited interaction and limited amount of information that he is able to elicit on the show, you understand that his advice is of a general nature, that he is not aware of the specifics of your financial situation or risk tolerance, and that you should not make investment decisions based solely on Mr. Cramer's advice.

Neither Jim Cramer nor CNBC guarantees any specific outcome, profit or loss and you should be aware of the real risk of loss in following any advice you hear on the show.

Should you decide to follow any advice you hear on the show or in any answer you receive to your questions, you are solely responsible for any loss you may incur and you agree that you will not hold CNBC or Jim Cramer liable for any loss or damage that you may incur.

I Have Read and Agree to the Terms of Submission
If you do not want to make a Submission, you might find the answer to your question at http://www.TheStreet.com <http://www.thestreet.com/>. If you would like to view Jim Cramer's charitable trust portfolio, it is regularly posted on www.ActionAlertsPlus.com <http://www.actionalertsplus.com>, a subscription website owned by TheStreet.com; however, TheStreet.com currently is offering a free 30 day trial subscription. This website is unrelated to CNBC and CNBC makes no representation or warranty as to the contents of such website. Mr. Cramer is a founder, director and the largest shareholder of TheStreet.com

Lets recap a bit before I go off on a rant about Facebook politics and the wacko Jim Cramer. Look who got the email below. It was not a lot of people. I thought I was being more than fair to Kairos, the Canadians politicians and the UN last year before an important election and I felt compelled to I take on the greedy Banksters AGAIN.

Other than Harper and his Privy Council Office do any of you even know how much ground I have covered and with whom since the neocons won the big mandate they have lusted for since Mulroney gave away the farm to Yankees and destroyed his political party in the process? If Harper were truly a decent Conservative Canadian like RB Bennet was why would he destroy his Canadian Wheat Board instead of undoing what the liberals did in 1974? Trudeau and the Libranos were the ones that covertly told RB Bennet's Bank Of Canada to ignore its mandate while they put us in debt to tot ehGlobal Banksters so they could feel like a big cheese at UN gatherings. These politicians who brag as they destroy the impartant work of quite likely the only decent Prime Minister we ever had had truly offend me. Go figure why most folks never heard of RB Bennet N'esy Pas?

Another man from New Brunswick wrote the Universal Declaration of Human Rights for the UN It basicaly created your job so you can eat well CORRECT?

http://www.gnb.ca/hrc-cdp/humphrey-e.asp

Everytime I thing about the UN I think about what inspire dme to send
an incredible pile of documents to many Countries within the UN all at
once before I came home to run for a seat in Parliament again. Ut was
the message the lawyer Stephen J. Toope of the UN and the Arar
Inquiry relayed to me byway of the Trudeau Foundation

http://president.ubc.ca/about/

http://www.trudeaufoundation.ca/about/staff

After I came screaming out of a Yankee jail in order to defend my home
and family. smiling bastard Toope said I was not the UN's problem
because I had not dissapeared YET?

Google our names and you will see that I treat evil lawyers who opt to
offend me just like most other Proud Maritimers would if they could. I
bust them in front of their friends

Stephen Toope David Amos

Toope can hide under a rock or try to tell all me a lair and sue me for all
I care in my humble opinion the bankster created depressions come and
go so Canadians may go hungry now and then However it's a rare thing
indeed that someone starves to death North of the Medicine Line. No
matter how evil our lawyers banksters politicians and the bureaucrats
may be most Canadian folks take good care of their neighbours anyway.

More importantly Mr De Shutter before you come here and presume to
judge us I feel obliged to ask how many people have suffered and died
needlessly elsewhere in the world merely because you fine and fancy UN
people quite simply didn't give a damn when I sent many people in the
UN hard copy supporting my concerns and allegations to the UN in
2005?

How much money do you make and what have you done to help your neighbour?

Now skip this because there is more and some of it is about
Cramer, Facebook and you Mr Kaplan.

Joel Kaplan of Facebook and Kathleen Cronin and of the CME are kinda
late getting back to me. After tommorrow is history I can complain of
Facebook AND the CME to the SEC etc anytime I wish. However you sneaky
Yankees ain't worried about mean old me or Mr Obama CORRECT? It is the
actions of Obama and Harper that should concern us all.

This is what the CME was checking out about me today. Strange that
they won't return calls just like you EH Cramer?

"With the addition of Mr. Kaplan, a former member of President George W. Bush’s White House staff, Facebook will likely strengthen its ties to Republican lawmakers on Capitol Hill."

BTW Kaplan I like this IT Lady's style She has a face and a name and calls it as she sees it. She ain't bluffing The response to an email about you should prove to her that I am not bluffing either EH Luppy and Iggy? (Who is lggy or Luppy? Subject: Automatic reply: Joel Kaplan of all people must have known dumb it would be for the Right Wing Nuts of FaceBook to pick a fight with me

I am currently out of the office with no access to my e-mail until Tuesday, January, 17, 2012. If this is an urgent matter, please contact Meredith McCollum at mccollum@fb.com. Thank you

HEY Wally Lupan *Luppy” and Mikey Ignatieff "Iggy” did ya gett bored looking for yourselves in this email. Be patient a bit longer or Google your names and mine arseholes.

My old blog got an interesting hit today while I was reminding Harper, Duffy, and the dudes in the UN etc that I was still alive and paying attention about the UN and FOOD.

Terry Duffy as the BOSS of CME really should ignore his mindless lawyers and check my work himself before his shareholders hear of mean old me amd notice the same stuff about me versus the IRS and the US Treasury way back in 2002.

You love Canadian Banksters EH? Say Haka Hey to David Allgood of the RBC for me will ya??

Mr. Duffy was appointed by President Bush to serve on a National Saver Summit on Retirement Savings in 2002.

How are Yankee pensions etc doing doing since you worked for Bush while he was trying hard to have me locked up?

Now to Luppy

I know for a fact the lawyer Luppy is as dumb as a post but I bet he still remembers me We argued each other on the Public Record in two important lawsuits just before I helped Spitzer to inspire a hearing about Putnam Investments, (Now owned by Power Corp) at the US Senate Banking Committee in November of 200 long before the economy went
south.

Last but not least we have Iggy Baby

http://sppg.publicpolicyandgovernance.utoronto.ca/FacultyandContacts/Lists/SPPG%20Directory/MainDispForm.aspx?ID=115

Obviously you and Harper got the same email Kairos and the UN got last year before you bit the bullet EH Iggy?

If Olivier De Shutter truly cared about hungry people he would not be here bothering Harper. He should have called me back over a year ago as you were about to lead the liberal to a momental loss. De Shutter if he were ethical at all he would have asked me about the UN and the Canadian company Power Corp, Iraq, UBS and Oil for Food. GET IT YET IGGY BABY?

The Ukrainian Canadian Congress passed a resolution calling on Martin to withdraw support for Ignatieff based on a passage in one of his books in which he suggests "Ukrainian independence conjures up images of peasant embroidered shirts, the nasal whine of ethnic instruments, phony Cossacks in cloaks and boots, nasty anti-Semites."

Anyone not just pissed off Ukrainian folks can Google the last names of three stooges Lupan Ignatieff and Amos to see that there is no denying we are connected from my long days of battling evil Yankees in Beatontown years in 2002

Iggy whilst you sat fat dumb and happy in Harvard supporting George Bush's desires for malicious wars in 2002 and 2003 I was compelled to argue more corrupt people in Canada and the USA than just the evil lawyer named Lupan. If that dumb Yankee bastard from Natick had read my complaints that he opted to enter into way past too late he would have seen I was preparing to run in the election of the wicked 38th Parliament. Back then you only came home to Canada to give speeches or sell books. When you parachuted into Etobicoke-Lakeshore at the last minute and secured a safe seat I called and introduced myself to you and your help. In return you removed any doubt I may have had that you were as crooked as hell and quite likely a neocon shill. In the years that followed you pissed off a lot more Canadians not just liberals or Ukrainian folks or the religious wackos. I made my opinion of you well known and in the end you proved me to be correct. Not only did you decimate the liberal party for the neocon's benefit you could not even win a safe liberal seat as its leader. N'esy Pas Iggy or should I say "Canada's Prince Of Darkness"?

Many Russians and Yankees have found me interesting as of late. That does not suprise me. The same shit happened in 2008 Its merely because
everybody loves their money. So as the stock market goes down, the greedy people start to recall what the whistleblowers had to say in case the world may know what they know. (My watching why visitors came to certain blogs is how I discovered that I was linked to the Madoff investigations.)

Canada's Shameful Human Rights Record

Dear Yoonie,

As a citizen of Canada, I wish to convey my thanks to Dr. Schutter and the Office of the High Commissioner for Human Rights for visiting Canada and for his extremely insightful report on the plight of many thousands of Canadians in all parts of the country that do not have enough to eat. I hope he will return to continue this work.

I am deeply ashamed at the inaction of our governments on this issue, not to mention the lack of respect for the United Nations and Dr.
On 03/05/2012 5:21 PM, Yoonie Kim wrote:

Dear Mr. Dauphinee,

Many thanks for your message. We very much appreciate you interest in the visit. The itinerary of the Special Rapporteur on the right to food, Olivier De Schutter, was set between a process of consultation between the Government of Canada, Canadian non-governmental organizations and aboriginal groups and the Special Rapporteur himself. Unfortunately, as this is a short visit of only 10 days it was not possible for the Special Rapporteur to visit all priority areas of the country. Your advice, however, on the relevance of these additional locations on questions of poverty and the right to food is of interest to us. In addition to the first-hand information he gains, the Special Rapporteur relies on various information sources. Therefore, if you would like to submit any written information for the Special Rapporteur's consideration we would certainly welcome this. Please see below further information on how to do so.

The right to food is a human right recognized under international law, which protects the rights of human beings to feed themselves in dignity, either by producing their food or purchasing it. The United Nations Special Rapporteur on the right to food is seeking written submission on the realization of the right to food for communities across Canada. Written submissions can be in many formats from documents prepared specifically for the Mission to inform the Special Rapporteur about problems identified and their structural underpinnings, to reports, documents and articles prepared for other purposes but relevant to the Mission. Written submissions should identify particular issues or challenges in the realization of the right to food and should describe how these issues or challenges demonstrate the failure of the State (federal, provincial, municipal) to "respect, protect and/or fulfil" the right to food. They should thus identify a problem and explain the structural issues underpinning the problem. Any sources used in the written submission should be identified, and where possible links to key documents, reports and papers should be provided. All submissions should be sent to srfood@ohchr.org (it is best to send submissions as soon as possible, but we will be accepting them through the end of May).

The obligation to respect existing access to adequate food requires State parties not to take any measures that result in preventing such access. The obligation to protect requires measures by the State to ensure that enterprises or individuals do not deprive other individuals of their access to adequate food. The obligation to fulfil means the State must pro-actively engage in activities intended to strengthen people's access to and utilization of resources and means
to ensure their livelihood, including food security.

Should you have any further questions please do not hesitate to contact me.

With kind regards, Yoonie

Ms. Yoonie KIM

Hello,

Can you please explain to me why the United Nations Special Rapporteur on the right to food, Olivier De Schutter is visiting various parts of Canada from May 6 to 16 but is not visiting the poorest provinces of Canada, namely Newfoundland, Nova Scotia, Prince Edward Island and New Brunswick? That appears to be a very strange plan for the United Nations.

Regards,

Believe you me that this email is NOT spam

Lets just say it that It is not a good day for lawyers and investment bankers etc to play dumb with me. I am talking to a lot people today after I saw certain things pop up on my radar screen and not all of them are as stupid as the Yankee lawyer Brian Bixby or Premier David Alward and his cohorts in New Brunswick are.

Thus I am passing around the world many email exchanges of mine over the years before I am out of touch with everyone. One of them is ours from December 8th. I will forward you one example byway of gmail so you see I did not put you down and that accurate I felt you were entitled to know so that you would not think I was using your name behind your back.

I understand that you must be busy particular over Xmass. Trust that I am still a fan of yours but I must defend my butt from any cops etc and try to keep out of jail the best way I know how with what little assets I have.

I truly do wish you well but I do wish Iceland and then later IMMI had checked my work and got back to me long ago.

If nothing else please check out this old blog. It contains a very rare document that should be of interest to IMMI or any whistleblower that as an interest in money. The nasty left wing blogger dude does like me at all but at least he created it one month before the RCMP falsely arrested me and many months before Iceland lost its shirt to the very corrupt banksters. His blog seems to have certain crooks quite nervous. If the Yankees, Brits, Saudis and zionists etc are reading his old blogs about mean old me perhaps IMMI should save them before they go "Poof" too?

Here is just one that somebody interesting was checking out yesterday. Let's just say that Julian Assange is not the only guy who knows his way around the Internet. Hell he probably does not even know what the CSE is. Do you?

Dear David Amos

Unfortunately there has been a considerable delay in responding to
incoming letters due to heavy workload and many inquiries to our office.

We appreciate the issue raised in your letter. We have set up a web site
www.iceland.org where we have gathered various practical information
regarding the economic crisis in Iceland.

Greetings from the Ministry of Finance.

I am listening to RBN right now.

I explained a bit of my concerns to people down your way but either the talk shows are never aired or I am now banished from their talkshow forums.

Do I sound like that bad a fellow?

These are the missing hearings I am trying to tell you about

Me talking about a bit Spitzer the year before he got arrested

Me talking about Spitzer briefly after he got arrested

This is the first page of where I store of my files for public view.

This is some of my Spitzer stuff as it pertains to New York Do you know of dr Ward Dean?

You can find some of my stuff pertaining to the Fed within this file

Anyone can see the email between the US Attorney in New York and many other lawyers etc before and after Madoff plead guilty. I posted it right here beginning in comment #327 within a wicked little forum about corrupt lawyers and judges on Long Island New York
